NOT THE MAN FOR THE PLACE.

OPINION SETTING STRONGLY AGAINST COL. FELLOWS.

A "Welcher" and a Friend of Bon Tweed's Not Wanted in the District-At-Excuses Considered Ridies ulous-Proofs Everywhere of Nicoll's ng Strength-To-Night's Rally.

OTHING on earth can now stop the cyclone of popular indignation over the attempt of Boss Power and the Police Justices' ring to force Col. J. R. Fellows into the chair of District-Attorney Mar-

tine. The storm cloud broke yesterday with terrific force after the revelations of how Col. Fellows borrowed money from Tweed and pleaded the gambling act to avoid pay. ment of a debt. Beg-

ging money of "my old friend Tweed, who had often aided me before," on the heels of the disagreement of the trial playing the rôle of a "welcher" in repudiation of a debt incurred over a poker table, were not acts, people said, which could commend Col. Fellows, who says he was rather inexperienced at forty-three years of age when these things happened, to the approval of the people. The general expression now is that Col. Fellows is done for.

The people—the friends of De Lancey Nicoll—who were baffled temporarily by Boss Power & Co., are proportionately jubilant and gleeful, and that the prosecutor of Sharp and the boodlers will be elected by an overwhelming majority is now the prediction of the production of the prediction of the production of the prediction of jury in Boss Tweed's case and

overwhelming majority is now the prediction heard on every side.

Nickel buttons, the shining emblems of the Nickel buttons, the shining emblems of the Nickel men, were in greater demand than ever last night and this morning, and there are now probably 50,000 voters of this city'on whose coats glean the simple mark of their faith and purpose for honest government and the punishment of boodlers of high and low degree.

degree.

Men who back their judgment with money—in other words, the betting fraternity who make their living by keeping so well informed that they are able to bet to win against the amateur—are to-day offering handsome odds against the backers of Col. Fellows. They know too well the temper of the people to think for an instant that so important an office can be won by a "welcher" and a man who borrowed from "his old friend," Boss Tweed, the biggest thief of the century.

friend," Boss Tweed, the biggest thief of the censury.

Tammany Hall was obliged to accept Fellows at the command of the sneering bosses of the County Democracy, but since the disclosures of yesterday they have tried hard to persuade Power and the rest of the ring of the foolhardiness of keeping him in the field. As yet they have been unsuccessful, but the voters of Tammany will effectually protest against this boss tyranny next Tuesday by casting yest-pocket ballots for Nicoll.

It has been falsely stated that the Harlem Young Men's Democratic Club was unanimously for Fellows. At the great mass-meeting for De Lancey Nicoll to be held to-night at the Harlem Temple in East One Hundred and Twenty-fifth street, fully one-half the members of that organization will help to ratify the nomination of the young prosecutor and to enter their protest against the promotion of one who was an "old friend" of Boss Tweed's, at forty-three, and was that thing detestable among men of honor, a "welcher." at the youthful and giddy age of forty-five years, in 1876.

Col. S. V. R. Cruger, Chairman of the Republican County Committee, said to-day to an Evaniso World reporter: "There is no doubt in my mind of Mr. Nicoll's election. He will have a large plurslity and I think the entire Citizens' and Republican ticket will be elected. Mr. Nicoll, will set a secretal well be elected.

doubt in my mind of Mr. Nicoll's election. He will have a large plurality and I think the entire Citizens' and Republican ticket will be elected. Mr. Nicoll will get a heavy Democratic vote in the Seventh, Kinth, Eleventh, Thirteenth, Nineteenth, Twenty-first and Twenty-third Assembly Districts, and practically the solid Republican vote in every Assembly District. The District leaders will be loyal in their support of Mr. Nicoll and I am confident that there will be no trading or selling out."

At 11 o'clock last evening Boss Power,

The Twenty-second Assembly District Nicoll Campaign Club, Morris J. Hirsch Chairman, has opened permanent head-quarters at 1193 Third avenue, between Sixteninth and Seventieth streets, Volunteers for the distribution of tickets and watching the count on Election Day are requested to report at the headquarters of the club and leave their names, places of residence and the election districts in which they can be relied on to work on election day. The headquarters will be kept open night and day.

Workingmen Indorse Nicoll.

The Workingmen's Municipal Reform League has addressed a circuiar to the workingmen of New York County saying that it has indorsed the candidacy of De Lancey Micoll because he will attend to the wants of the people. The whole Republican ticket is indorsed, with special mention of John Jay Knox and Davis Shes.

ACTUAL SERVICE WILL DO.

The Police Discussing a New Ruling of the Supreme Court.

There is considerable feeling at Police Headquarters over the result of the suit of Policeman David B. Bolster, decided yesterday by the General Term of the Supreme Court, The Police declined Board retire to because his time on the force did not include because his time on the force did not inclinde twenty years of actual service. The Supreme Court decides that twenty years of actual service is what the law contemplates, but dashes Bolster's cause by adding that he can be retired only on a majority vote. The decision breaks the force of the appeal of captains and sergeants who are asking reinstatement—the plea in several notable instances being that their term of service did not include twenty their term of service did not include twenty

their term of service did not include twenty continuous years.

The decision which restores Officer Thomas McBride to service places the Commissioners in an embarrassing position concerning a dismissal for drunkenness. McBride's excuse was that his dazed condition was due to certain medicines which he used as a cure for rheumatism, contracted in the discharge of duty. He saved a score of persons from drowning and caught cold from frequent baths in the North River as a life-saver. As it was not proven that he did not use the medicine or that he had been seen to drink, the Supreme Court reinstated him with full back pay since February.

HER BODY COVERED WITH BRUISES,

Suspicious Circumstances About the Death of an Ex-Convict's Wife.

A young woman, the eight-months' bride of an ex-convict, Adolphus Smith, died on Thursday morning at 92 James street, under somewhat suspicious circumstances.

Mrs. Amanda Smith, the dead woman, had not found her domestic relations with her husband entirely happy. She complained at times of his choking and kicking her. The pair were both hard kicking her. The pair were both hard drinkers. Mrs. Smith was under the influence of liquor the day before she died. Her husband threw his mother out of the room at 2 o'clock on Thursday morning and she slept in the hallway. When she entered Mrs. Smith's room at 10 she found her dead.

Deputy Coroner Herold, after making an examination, concluded that death was due to a kidney complaint. The woman had been ailing two weeks. Her body was covered with bruises which Mrs. Smith was understood to have ascribed to falling down stairs. An autopsy will be made this afternoon.

Complaints of shoplifting were made in the Jefferson Market Police Court this morning and Mrs. Schueberly was held for trial. Arrested on Three Warrants.

BRIDGETON, N. J., Nov. 5, -A constable came to Bridgeton from Mount Holly yesterday afternoon after W. N. Chatland, a sewing-machine agent, and took him back to that city with him. He had three warrants for his arrest, one charging him with non-support of his wife, another with the abduction of his child, and a third with assault and battery. Chatland claimed that it was a scheme of his wife's family, and that there was nothing in it.

Later on the improvement was partially lost on sales to realize profits accruing from the advance.

The September statement of the Chicago, Burlington & Quincy was a damper upon speculation, showing, as it does, a decreas in gross of \$259,664 and in net of \$460,027. It was his second visit to the jail. Last night he made his appearance for the first time in company with Capt. Black, but neither the "Mystery," as the reporters have dubbed him, nor the counsel would say anything concerning his identity. One story has it that he is an influential German editor from Detroit, and another that he is the representative of the New York Amnesty Society. Whoever he may be, however, his credentials were weighed in the balance and pronounced satisfactory by the prisoners, for he was cordially greeted by Spies and Parsons, who were the only ones in the cage when he was admitted this morning. Ling vaulted over the iron railings of the corridor above and dropped to the floor, and then the visitor, who in the meantime had been reinforced by Editor Bergmann, of the Arbeiter Zeitung, claimed his attention. The conference was conducted in an undertone, but it was of a decidedly vigorous nature, for more than once he rapped his fist again and again on the iron bars when the Anarchist laughed in his face.

THE TORN UP STREETS

and Some of the Disasters to Life Which They Have Occasioned.

For months the streets of New York have been recking with poisonous odors. These deadly gases have come from the exposed sower pipes, gas pipes and from the turned-up soil saturated with malaria. Every breath drawn has carried some of these death germs into the body. At first the effect is only one of disgust at a disagreeable odor but in a few days dull pains in the limbs, heaviness in the head, a tired feeling, lack of appetite, fevertainess and hundreds of other symptoms are certain to show themselves. They prove that poison has taken root and malaria is intrenched in the body.

But the important question to us all is how to new malarial disease, or, having contracted it, how it can be cured. Every one knows that the best physicians always prescribe a stimulant for such troubles. Nature must be assisted and pure stimulants alone can do it.
But unless they are pure, instead of assisting, they will
injure. Prof. Henry A. Mott, of this city, says: "The
purity of Duffy's Pure Mait Whiskey (as simple tests will
readily convince) should recommend it to the highest
favor."

It is more popular to-day than ever, It will invariably drive out malaria and it is the only known preparation that will. Where formerly they could endure many consecutive hours of close application of the mind, they now find that the thoughts wander, and there is inability to fix the mind for any length of time upon on subject. Accompanying this there is weakness and e haustion, and an extreme nervous and irritable cond tion, a dull, cloudy sensation, often accompanied by

disagreeable feelings in the head and eyes.
